NEW MAPS T-SHIRTS

MAPS has **new shirts for sale in the MAPS webstore**. They are printed by the nonprofit Ashbury Images, which rebuilds lives one shirt at a time by providing paid employment, job training, and supportive services to at-risk youth recovering from poverty, substance abuse and homelessness.

The unisex tee is made of organic cotton, the ladies tee is printed on an American Apparel shirt made in Los Angeles by workers who earn real living wages. Both shirts are embroidered on the sleeve with the MAPS logo. Visit: www.maps.org/store
